

#### Letter of Recommendation - De'Vonn Johnson

I had the privilege of coaching DeVonn Johnson for four years with the HYF Bulldogs. DeVonn is an extremely dedicated individual with a great combination of unique athletic abilities. His speed, vision, mental awareness and decision making skills are rare and impressive! Equally impressive is his work ethic and desire to keep getting better. Spending time with DeVonn off the field has given me a great appreciation for his character and intelligence. It was a joy to coach a young man with such talent and respect for the game. I'm happy to have been a part of his career at the youth level and I wish him much success as I look forward to watching him compete at the highest levels!
