Hailey M. White

PERSONAL STATEMENT:

I have been playing golf since 4 years old and I am extremely driven to finish competing successfully in all golf tournaments and in high school so that I may earn a spot to compete on a division 1 college team, but equally important is my education and being able to conduct myself in an intelligent manner both on and off the course. One of my passions is working at the church and providing service for their many philanthropic events. I recently waitressed at the church for a fundraiser and although it was hard work, it was very fulfilling and I felt like I made a difference. I am also the President and Founder of "The Gift Of Golf" club that I founded this year at Monte Vista. Our mission is to introduce more people to golf while raising funds to donate golf equipment to children who would not be able to play otherwise. I will always give 100% effort in all of my endeavors.
