<p>NA NA NA NA 3.0</p>	<p>Excellent</p> <p>Fitness</p>

Additional Comment

Jordan,

Great working with you this week. Continue developing the technical side of your game especially your first touch and your speed of thinking. The higher the level, the quicker you will need to be able to think in tight areas. Also, always think about the angles that you are making for your teammates so you're in good supporting positions. Have a great summer!
