

Prospective Coaches,

Anthony Hope has been a valued member of our football program since his freshman year. He has demonstrated a tremendous work ethic in the weight room, on the practice field and most importantly in the classroom. He is what I consider a “Program Player”. In other words, the type of player that you build a program around. He sets a great example for others to follow. Anthony has battled back from several injuries along the way and never made any excuses. Anthony has all the intangibles that I look for in a player. He’s tough, reliable, smart and will not let you down in critical situations.

I am certain that given the opportunity he has the ability to make any program better. He certainly has at Clearwater High School. If you have any questions regarding this young man please feel free to contact me at [MesickD@pcsb.org](mailto:MesickD@pcsb.org) or at (727) 224-1925.

Sincerely,

Don Mesick  
Head Football Coach  
Clearwater High School
